

Valued Customer,

At Guest Supply, we deeply appreciate your business and take great pride in supporting your success and delivering the products you need, when you need them.

Due to increases in fuel costs, as reflected in the latest Natural Resources Canada national average market cost of diesel fuel, Guest Supply will be implementing a temporary fuel surcharge of \$15.00 per order, effective June 9, 2026. We have absorbed these rising costs over the last 90 days, and this temporary surcharge will help us maintain the consistent, reliable service levels you depend on.

This fuel surcharge will be automatically applied to each order and will be clearly visible on your invoice, ensuring full transparency prior to any payments accepted.

We will continue to monitor and review the fuel rates monthly and adjust the fuel surcharge accordingly.

We appreciate your partnership, patience, and flexibility during this time. Thank you for your continued business and support.
